OBJECTIVE

I want to build my career as a skilled software developer who creates modern and user-friendly web applications using the MERN stack. I am passionate about learning new technologies, improving my coding skills, and solving real-world problems through technology. My goal is to grow as a developer, take on leadership roles, and guide my team to create high-quality projects. I believe in teamwork, continuous learning, and dedication. Within the next five years, I aim to become a Team Lead and one of the top 1% developers in Bangladesh.
